*"Coming together is a beginning; keeping together is progress; working together is success."  
(Edward Everett Hale)*

We opened our doors in 2004 with the intent to provide a place that was safe and productive for those walking the path from addiction to sustainable, community-based recovery.

This place for recovery was designed to be collaborative, constructive, and often a home, when we could not be home. In 2018 we changed our name from STEPS to Recovery to Cornerstone to Recovery which reflected our belief that our recovery community serves as collective strength from which we work, we live, and we thrive!

## PATHWAYS PROGRAMS & SERVICES

Since 2010, we have successfully provided our Pathways program to hundreds of clients impacted by addiction in York Region. Our Pathways programs are delivered from our fully equipped classroom at our Recovery Community Centre in Newmarket, ON. Returning to school or work, is a pivotal part of an individual's journey to recovery and self sufficiency. Our programs goal is to stabilize our clients' recovery by assisting them in developing a personal action plan which may include a return to the workforce, attending school/skill training programs, and/or community volunteering.
