Social Enterprise

*"Coming together is a beginning; keeping together is progress; working together is success."
(Edward Everett Hale)*

We opened our doors in 2004 with the intent to provide a place that was safe and productive for those walking the path from addiction to sustainable, community-based recovery.

This place for recovery was designed to be collaborative, constructive, and often a home, when we could not be home. In 2018 we changed our name from STEPS to Recovery to Cornerstone to Recovery which reflected our belief that our recovery community serves as collective strength from which we work, we live, and we thrive!

Wellness

Body, Mind and Spirit Balance

WELLNESS

Addiction is a physical, emotional and spiritual disease. Our approach to recovery requires we address all three. Opened in the spring of 2019, the Wellness Centre provides a welcoming, accessible facility with a wide variety of evidence-based programs aimed at improving physical, emotional and spiritual health as it relates to recovery from addiction and/or mental illness. Housed in our Recovery Community Centre, we offer a variety of daily, weekly and monthly classes, programs and workshops. These programs not only help our community move their bodies & minds, but also have fun, connect with others and build a healthy relationship with their body, mind & spirit in a supportive, community environment!

WHAT IS THE CONNECTION BETWEEN WELLNESS & RECOVERY?

Wellness activities helps individuals and families stabilize and improve all aspects of their health and wellbeing, which in-turn sustains and deepens one's recovery. To the right, you'll find some of the many benefits that regular exercise and wellness practices can have on your recovery and overall life.

Physical benefits:

- Reduction of cravings
- Improvement of general health including cardio, strength, joint health, mobility and flexibility
- Increased production & regulation of mood stabilizing brain chemicals such as dopamine and serotonin
- Reduction in sleep disorders and disturbances
- Supports the healing of the physical impacts of addiction and substance abuse

Emotional benefits:

- Fosters a healthy relationship and connection with one's body & movement
- Reducing instances and impacts of emotional triggers and trauma
- Improves self-esteem, self-worth & self-efficacy
- Reduction of boredom & isolation through socialization and teamwork
- Creates new, safe environments for families to communicate & heal together.
- Develops crucial life skills such as... resiliency, perseverance, goal setting & achievement, daily structure & organization, self-control & discipline

Spiritual benefits:

- Community reintegration & participation
- Increased mindfulness and connection to oneself and others
- Increased structure in daily spiritual practice
- Further development and diversification of personal spiritual practices

Our goal through our Wellness programs is to offer everyone in recovery these essential recovery supports in an affordable, accessible and fun way.
